BEFORE YOUR DEPARTURE TO MACAU

GENERAL INFORMATION ON MACAU

Weather
Most of the time, the Macau weather in May is warm with bright sunshine, with occasional thunder storms and rain. The average temperature is at high 28° (82°F) and low at 24°C (75°F). Sunscreen cream should be at hand for outdoor activities during the days.

What to wear in Macau
T-shirts, shorts, skirts or dresses will be sufficient for the sunny but humid weather in May in Macau. However, it may be necessary to put on a thin coat or long-sleeved blouse when indoors to avoid catching a cold due to strong air conditioning.

For the event (Golf Masters) we will provide 2 event shirts for each player and coach, World League players and Challenger League players that qualify for the 3rd Competition Day - GRAND MASTERS FINAL will receive an additional shirt. After consulting with most delegations we decided that each player and coach shall wear their own golf trousers, shorts or skirts to make you feel most comfortable and avoiding inconveniences in sizes and colors etc. For your information the event shirts colors for World League is Blue/Purple, for Challenger League is Orange/Gray and for Contender League will be Green/Blue - so you can fit along your trousers/shorts and skirts.

Communication
Apart from connecting to public Wi-Fi, we will provide a local SIM card for data connection to all Head of Delegations (HOD), therefore reachable at all times for event organiser and parents. The accommodation hotel and Golf Course provide free WIFI within the property. Locally, the event organiser will be available via cell phone and specific WhatsApp groups for delegations and families will be created, therefore please make sure you have subscribed to WhatsApp prior to your arrival and provided specific contacts.

Language
Official language in Macau is Cantonese and/or Portuguese. Basic English is widely spoken and accepted.

Time Zone
Macau is China Standard Time (UTC/GMT +8 hours)

Currency
The Macanese Patacas (MOP) is the official currency of Macau. It is often presented with the symbol MOP$, as in MOP$100. HongKong Dollar (HKD) is excepted everywhere which is basically equal to MOP (1:1.03) whereas HKD can be exchanged internationally, MOP is not. Therefore, we strongly suggest HKD. There are various currency exchange agencies booths available that accept all major currencies. USD and EUR exchange can be offered by the organisers at the hotel according to international rates. ATMs are available in all hotels and casinos as well as around town. Most international ATM card services are excepted and ATM fees are low.

Travel and Tourism
Macau has an international airport that can be reached directly from China, Taiwan, Malaysia, Thailand, Singapore, South Korea and Japan. From other countries you usually reach Macau via flights to Hong Kong and a following ferry or bus travel. Macau is a great tourism destination. Besides the extraordinary entertainment provided by the local casino properties – the mix of Portuguese heritage and Chinese influence offers great sightseeing as well as a culinary experience. But western food is on the cards too, nearly everywhere. We will provide a specific tourism guide kit upon your arrival. You can easily get around Macau with taxi at very affordable rates. Public transportation via sky train or buses is limited at rush hours but a very cheap way to get around. Most casino hotels offer complimentary shuttle services in between them.

For further information please contact us or visit ***www.macaotourism.gov.mo/en***

Medical Support
Macau offers internationally high standards in medicals and despite the event itself is covered with an insurance we strongly suggest/insist to purchase a travel insurance with your local agencies. Macau has plenty of pharmacies around, most with international standards and drugs. If you require additional medical assistance during your stay please contact us prior to the event.

GALAXY ENTERTAINMENT GROUP

As a responsible corporate citizen, Galaxy Entertainment Group ("GEG") strives to create a better Macau. Contributing to the Macau SAR Government's objective to transform Macau into an accessible and tourism-friendly "World Center of Tourism and Leisure", GEG exerts tremendous effort in creating different opportunities for persons with disabilities in order to promote community inclusion.

Uphold the philosophy of "What is taken from the community is to be used for the good of the community", GEG makes effective use of its resources to support the sustainable development of the community.

Through concrete actions, GEG fulfill its corporate social responsibility motto, "Community at Heart, Empathy in Action", by conveying care and compassion to society, working hand in hand with stakeholders to build a harmonious and inclusive community, and contributing to Macau's long-term development and social welfare.

Since 2012, GEG has been a valued partner of the Charity Association of Macau Business Readers, supporting the organization of the Macau Inclusion Conference and the Golf Masters event.

This year, GEG is proud to serve as the official accommodation partner, welcoming delegates to stay at Broadway Hotel at Galaxy Macau. In addition, GEG once again organized its team members to participate as guardians, teaming up with players in the Macau Golf Masters Tournament to further promote inclusion and community spirit.

SUPPORTS PEOPLE WITH DISABILITIES

Over the years, GEG has not only actively hosted major international sporting events, but also leveraged our resources to strengthen the connection between sports and the community through diverse initiatives. This year marks the 16th consecutive year of our support for this meaningful event.

With the support of ITTF, the event was themed around "Celebrating ITTF Centenary", and featured a Fun Day with a series of exciting activities. For the first time, this event was also extended into local schools, further demonstrating its significant impact by integrating local elements of inclusivity and fostering the spirit of unity within the community.

Also GEG has been actively strengthening the connection with the community through diverse initiatives.

Recently, GEG invited 20 family members from the Macau Autism Association to visit GalaxyArt, where participants toured the exhibition "Golden Fortunes: The Macau Debut of Zhu Bingren's Copper Art" and joined a copper sheet craft workshop.

To further enrich the experience, GEG also prepared special lion-head art pieces, symbols of Chinese cultural heritage, as souvenirs, allowing participants to appreciate the charm of culture from multiple perspectives.

The event is part of the 2026 World Care Autism Day Series Activities and the Macau Autism Art Festival organized by the Macau Autism Association, with GEG also attending the opening ceremony and helping to raise public awareness of autism, while promoting the spirit of care and inclusion through concrete action.

GEG's corporate social responsibility initiatives were widely recognized by the community in 2025, earning multiple accolades throughout the year.

These included:

- "Best Overall Corporate Social Responsibility Program"
  at the 2025 IAG Academy IR Awards

- "Outstanding Corporate Social Responsibility Award"
  at the 11th Outstanding Corporate Social Responsibility Award Ceremony organized by the Mirror Post of Hong Kong

Moving forward, GEG will continue to attend to the needs of the Macau community and expand support for people in need, reinforcing its commitment to building a more inclusive and caring society.
